

PROMISE **HOSPITAL OF MISS LOU**

For Life's Most Serious Illnesses And InjuriesSM

WHAT IS AN LTAC HOSPITAL?

A long-term acute care (LTAC) hospital is similar to any other hospital with which you may be familiar. Patients in an LTAC hospital require extensive care and services, such as nursing, physical therapy, dietary services, and respiratory therapy, and are seen every day by their physician. The difference lies in the length of time a patient is allowed to stay in the hospital.

HOW DO I BECOME A PATIENT AT A PROMISE HOSPITAL?

Promise hospitals can admit patients from numerous places. Patients can be admitted from nursing homes, rehab hospitals, other hospitals and even from their home with an order, or a referral from a physician or other licensed healthcare professional.
