

PROMISE

HOSPITAL OF MISS LOU

For Life's Most Serious Illnesses And InjuriesSM

THE HEALTHCARE CONTINUUM

There are various types of healthcare facilities available that provide different levels of care and treatment. The appropriateness of the treatment setting you and your doctors choose depends on the severity of your illness or injury and your personalized recovery plan and goals.

Promise Hospital is an excellent resource for physicians, short-term acute care hospitals, insurance carriers and other healthcare facilities whose patients are medically complex and require specialized hospital care over a longer period of time.

By referring patients to Promise:

- Local hospitals can generate valuable bed space for new patients who have short-stay medical needs
- Local hospitals can treat a higher volume of short-term acute care patients
- Local hospitals can improve their finances by transferring patients requiring a longer hospitalization than the average stay in their facility
